## Summary

---

Hardworking tester focused on learning on career plan as well as acquiring new knowledge from my academic training. Reliable team member accustomed to taking on challenging tasks. Dedicated to business success.

## Skill Highlights

---

- Collaboration
- Teamwork
- Research
- Test products
- Innovative
- Quality control

## Experience

---

### QA Lead

**Allata – Continental Finance Company | Remote**

**March 2022 – Current**

- Led the QA strategy within Agile frameworks, coordinating daily stand-ups, grooming, planning, and retrospective meetings.
- Designed and implemented comprehensive test plans and test cases to ensure full requirement coverage.
- Oversaw execution of test cases, ensuring alignment with quality standards and project timelines.
- Conducted cross-reviews of testing deliverables to maintain consistency and accuracy across the QA team.
- Collaborated with cross-functional teams, providing QA insights, and resolving critical issues promptly.
- Mentored junior testers, promoting best practices in manual and automated testing.
- Tools used: Azure DevOps, Visual Studio Code, Postman, IntelliJ, SQL Server Management Studio, BrowserStack, PostgreSQL.

### Senior Tester

**Allata – Continental Finance Company | Remote**

**January 2022 – March 2024**

- Participated in Agile ceremonies, including daily stand-ups, sprint planning, and retrospectives.
- Authored detailed test cases and test plans aligned with project objectives.
- Executed functional and exploratory testing to ensure application reliability.
- Performed cross-reviews to validate team deliverables and maintain QA standards.
- Tools used: Azure DevOps, Visual Studio Code, Postman, IntelliJ, SQL Server Management Studio, BrowserStack.

### **Semi-Senior Tester**

**Hexacta – Bolloré | Buenos Aires, Argentina**

**November 2019 – January 2022**

- Applied Agile methodologies to ensure iterative testing processes.
- Automated regression testing using Protractor, reducing testing cycles and improving efficiency.
- Designed and executed test cases for functional and API testing.
- Conducted manual testing and peer reviews, ensuring high-quality deliverables.
- Tools used: Visual Studio Code, Git, SoapUI, Protractor, SQL Server Management Studio, JMeter, Test Manager.

### **Junior Tester**

**Neoris – Cisco | Buenos Aires, Argentina**

**September 2019 – November 2019**

- Participated in Agile workflows, attending daily stand-ups and sprint ceremonies.
- Developed and executed test cases based on functional specifications.
- Managed user support tasks and resolved reported issues.
- Tools used: SQL, VersionOne (V1), POWR.

### **Junior Tester**

**Neoris – Cablevisión | Buenos Aires, Argentina**

**November 2018 – September 2019**

- Managed UAT processes and defect tracking within Waterfall methodology.
- Collaborated with SCRUM and development teams for requirement analysis and peer reviews.
- Designed test plans and prepared evidence reports to ensure high-quality deliveries.
- Tools used: RTC, Hue, SQL Developer.

### **Junior Tester**

**Neoris – Telefónica | Buenos Aires, Argentina**

**May 2018 – November 2018**

- Analyzed functional specifications and executed regression testing in Waterfall projects.
- Authored and executed detailed test cases to validate requirements.
- Prepared evidence reports and documented test processes.
- Tools used: HP Quality Center, ALM, SQL Developer.
